Maharaja Surajmal College, IPU <i>Bachelor of Computer Applications (CGPA:7.89/10.00)</i>	New Delhi, India 2018-2022

EXPERIENCE

DATA ANALYST August 2024- present

MM Nissim and Co LLP, Noida

- Automated TDS, GST, and audit workflows using Python and IDEA CaseWare, reducing manual effort by 40%.
- Designed and optimized 50+ SQL queries, improving accuracy of monthly financial exception reports and reducing report turnaround time by 35%.
- Enhanced Python automation scripts, cutting processing time from 10 mins to 7 mins per dataset (30%) for high volume financial data.
- Conducted multiple ITGC audits to enhance internal controls and ensure compliance with regulatory standards.
- Coordinated requirements, timelines, and deliverables across audit & automation projects to ensure milestone completion.
- Identified root causes of reporting discrepancies, improving accuracy and audit readiness.

Data Analyst Internship April 2024 – July 2024

Excelinnova Consultancy Services Pvt Ltd, Dwarka, New Delhi

- Managed ETL pipelines processing 50,000+ data records daily, ensuring 98% accuracy in data transformations and loading.
- Built an AI-powered language conversion model in Python, improving multilingual communication efficiency by 30%.
- Supported project tracking for 6+ ongoing projects, ensuring 95% on-time reporting and team collaboration.

Junior Executive Customer Success September 2022 – August 2023

Witzel Technologies Private Limited, Gurgaon

- Conducted root cause analysis that reduced customer resolution time from 5 hours to 4 hours (20%) on average.
- Partnered with product teams to enhance product usability, leading to a 10% improvement in customer satisfaction scores (CSAT).
- Worked with cross-functional teams (product, tech, ops) to streamline workflows.
- Resolved 200+ customer queries per month with a 90% first-touch resolution rate, contributing to a 12% increase in customer retention.
- Improved team efficiency by 20% through standardized communication and streamlined escalation processes.

PROJECTS

Auto Sync – SFTP Automation Tool / Open-source, Python, [GitHub](#)

- Created Auto Sync, a configurable SFTP automation tool that streamlines file syncing, change detection, audit reporting, and auto email notifications.

Excel Batch Cleaner / Python, [GitHub](#)

- Developed a Python-based batch Excel processing tool to automatically clean, merge, and standardize large datasets for consistent reporting.

File Update Reporter / Python, [GitHub](#)

- Developed automation script to track file changes for audit documentation and version control.

CUSTOMER BEHAVIOR IN SPATIAL SHOPPING / Python, IBM SPSS

- Analyzed online vs. offline consumer shopping trends, identifying two distinct buyer segments.
- Delivered marketing insights that guided strategic campaigns and improved targeting effectiveness.

THE IMPACT OF INSOMNIA ON HEALTH / R Programming, Excel

- Conducted regression analysis using R and Excel to evaluate insomnia's impact on health, identifying patterns and potential interventions.

TECHNICAL SKILLS

- Programming:** Python, C/C++, SQL, DBMS, JavaScript, HTML, R
- Analytics Tools:** Tableau, IBM SPSS, Excel, Microsoft Power BI, Visual Studio
- Libraries:** pandas, NumPy, Matplotlib
- Data Skills:** Data Cleaning, Data Presentation, Data Storytelling, Data Warehousing, Data Planning, Data Modeling, Machine Learning, Predictive Analytics, Data Governance, ETL (Extract, Transform, Load), Data Wrangling
- Soft Skills:** Project Management, Teamwork, Communication
